

Where is Kazookles? Challenge

Kazookles, QCC's nutrition mascot, is traveling across Georgia to help you celebrate National CACFP Week! Follow along on her journey and guess where she shows up by following QCC on social media @QCCGeorgia. Get in on the fun by completing your own quest to hide and find Kazookles!

Here are some ideas to get you started:

- Kazookles might visit a notable location or landmark in your town
- Kazookles might be at the farm - real or pretend!
- Kazookles might show up during one of your healthy, delicious meals
- Kazookles might participate in one of our CACFP Week spirit day themes

Materials:

- Kazookles print-out (on next page)
- Scissors, glue, tape
- Crayons, markers or paint
- Popsicle sticks

Instructions

1. Teachers will print Kazookle cut-outs. **(Best practice is to print on cardstock)**
2. Next, glue or tape a craft stick to the back of the Kazookles cut-out.
3. Hide Kazookles in the most unique locations and play “Where is Kazookles?”
4. Post partial images of the unique locations where students find Kazookles to social media with **#WhereIsKazookles.**
5. Under each post, others will join in to guess where Kazookles could be.
6. Follow along on social at @QCCGeorgia to see where else Kazookles might show up!
